

Vision One® Discount Program

Eye Care Savings ... with no referrals and no claim forms

Get Eye-Opening Discounts

As anyone who wears contact lenses or eyeglasses can tell you, having less-than-perfect vision can be costly. The Vision One discount program* helps you and your family save on many eye care products, including eyeglasses, contact lenses, nonprescription sunglasses, contact lens solutions and other eye care accessories — at no additional cost to you. Plus, you can receive **up to a 25 percent discount** on LASIK eye surgery.

Here's How It Works

Step 1: Find the location nearest you.

It's simple. From www.aetna.com, log on to our DocFind® online provider directory, and select **Vision One**. Or call Vision One Customer Service (1-800-793-8616) to find a participating provider near you. Choose from a wide selection of optical centers nationwide — including Sears, JCPenney, Target, participating

Pearle Vision centers and others, as well as through selected independent optometrist and ophthalmologist offices.**

Step 2: Schedule an eye exam.

Well-eye exams are an important part of a healthy lifestyle. *If your benefits plan covers eye exams*, consult your provider directory or log on to DocFind from www.aetna.com for a list of participating optometrists and ophthalmologists. Your out-of-pocket expenses could be lower if you follow your plan requirements. Covered eye exams are available from participating Vision One providers. Check your plan documents for additional coverage and other important details.

If your benefits plan does not cover eye exams, you can receive an exam at a discounted rate with Vision One. Schedule an appointment with a participating Vision One provider and pay the discounted exam rate (see schedule on reverse for details) for eyeglasses or contact lenses. Most Vision One locations have doctors of optometry practicing on the premises or at a location nearby.

Step 3: Save!

Choose from hundreds of fashionable frames and the latest in lens technology. Simply show your Aetna ID card and any applicable services or products you receive will be discounted right at the point of purchase. There are no claim forms to complete ... and no waiting for reimbursement.

Get Special Savings on LASIK

You and each member of your family can also receive **up to a 25 percent discount** off the provider's usual fee for LASIK surgery through the NuVision LASIK Network.*** This discounted price includes patient education, an initial screening, the LASIK procedure and follow-up care. Best of all, the initial consultation is always free, even if you elect not to proceed with surgery.

Three Simple Steps:

1. Schedule a free evaluation with a participating LASIK surgeon in your area. Our LASIK information specialists are ready to answer your questions, review the doctors available in your area and schedule a consultation with the doctor you choose. So call LASIK Customer Service toll-free at 1-800-422-6600 today.
2. At your initial visit, present your Aetna ID card and indicate that you are eligible for the Vision One program.
3. Schedule a surgery date with your provider, and call LASIK Customer Service (at the above number) to make payment arrangements. You may pay for LASIK surgery with a check, credit card or may qualify for our convenient financing plan.

LASIK SURGERY SAVINGS

Here are the savings† you can expect for LASIK surgery, based on your choice of surgeon:

Surgeon's Lowest Advertised Price (per eye)	Savings (per eye)
Up to \$1,100	\$75
\$1,101 to \$1,300	\$125
\$1,301 to \$1,500	\$200
